Calgary Transit On Demand

Transit on your schedule

Here's what's happening

- On **Tuesday, October 13, 2020**, routes 94, 164, 439 and 454 will be discontinued and replaced with On Demand service.
- The service will allow you to book travel as needed, to be picked up and dropped off at any of the existing stops in the community and other major locations.
- Instead of having empty buses driving fixed routes through the area, On Demand will create the flexibility to send shuttles where they're needed, and when - **on your schedule**.

To book a trip

- Download the Calgary Transit On Demand app from Google Play (Android) or the App Store (iOS).
- or*
- Call us at 403-262-1000 and ask to book an On Demand trip.
- Provide the details of your trip: your starting point, destination, when you'd like to travel.
- You'll be given a pick-up time and location.
- Walk to your pick-up location and board your On Demand shuttle for your custom trip.

For details
